Founded in 2018 by Alvina Pernot and Philippe Abadie, her husband, the Domaine vinifies grapes from a few parcels in Puligny-Montrachet, supplementing them by purchasing grapes from their father Paul Pernot. With only 2.3 hectares, it offers wines ranging from Grand Cru (Batard-Montrachet and Bienvenues-Batard-Montrachet) to regional (Bourgogne Côte d'Or Rue de Bois) via the Puligny-Montrachet batteries. The wines combine tradition and innovation, the offspring of sustainable practices such as light tilling of the soil and minimal treatments with extraordinary results given the young age of the Domaine and its managers. Today, Domaine Alvina Pernot is the true rising star of Puligny and embodies traditional savoir-faire and respect for the Burgundian terroir, offering authentic and refined wines.
