Vinification: whole cluster pressing, fermentation with indigenous yeasts in used barrels (3-6 years)

Refinement: 6 months in barrel

Color: straw yellow

Fragrance: Subtle aromas of white-fleshed fruit and floral notes

Flavor: fruity, fresh, savory

Alcoholic Grade: 12,5% vol

Yves Lambert, Arnaud's father, founded the Domaine de Saint-Just in 1996. He was 47 and decided to change his life going back to his roots in the "Terres de Saumur". From the beginning, his aim was to give the best expression to the two individual terroir of Saint-Cyr-en-Bourg (in the heart of Saumur Champigny denomination): the Cabernet Franc and the Chenin. Arnaud joined his father in 2005, sharing the same objectives. In 2009, they started the conversion to organic farming in the vineyards, together with the "fermage" of the eight different Clos, which were previously cultivated by the Château de Brézé. After eight years of separate management of the two Domaines, Arnaud decided to take a step forward promoting mainly the vineyards managed by himself. Then he decided to melt "Domaine de Saint-Just" (the original name decided by his father) together with "Château de Brézé" under a single name: Domaine Arnaud Lambert. Arnaud's motto is "Making progress means leveraging the past, without being overwhelmed by it and developing a sensibility towards the future". Arnaud considers the vigneron as an important expression of the terroir: his wines, produced in the municipalities of Saint-Cyren-Bourg and Brézé and vinified with respect for the individual terroirs, have unique characteristics and fully represent the wine tradition of the Loire.
