The Domaine Gilles Guerrin is located in Vergisson, in the heart of the Mâconnais region. This small village is nestled between the famous limestone rocks of Vergisson and Solutré. Gilles Guerrin and his wife Sylvie settled here in 1984, where they now cultivate 13.5 hectares across four appellations using sustainable viticulture methods: Mâcon-Charnay-Les-Mâcon, Mâcon-Vergisson, Saint-Véran and Pouilly-Fuissé. In July 2017, one of their daughters, Blandine, joined them, ensuring the continuity of the Domaine, which operates by reducing interventions in the vineyard and working the soil more frequently, allowing it to produce authentic wines that fully represent the Mâconnais area.
