

Roberto Mazzi

Italy - Veneto - Negrar (VR)

Ownership/Founders Roberto Mazzi and Sons / Roberto Mazzi

Start of Activity 1960

Vitiviniculture Traditional

Hectares 7

Bottles produced 60.000

VALPOLICELLA CLASSICO SUPERIORE POIEGA

65% Corvina, 5% Corvinone, 25% Rondinella and 5% Molinara

Production area: Negrar

Terrain: calcareo, limo, argilloso

Harvest: manual

Vinification: fermentation with selected yeasts at controlled temperature (24 °C) takes place in stainless steel tanks with daily practice of punching down (breaking the marc cap) for about 7 days, followed by malolactic fermentation to lower the total acidity of the wine

Refinement: in second-passage barrique for 18 months plus 6 in bottle

Color: deep ruby red

Fragrance: cherry and ripe plum

Flavor: full, balanced and persistent

Alcoholic Grade: 14% vol

Mazzi is located on the hills of Negrar, one of the five village in the classical Valpolicella area. The history of the winery dates back on the beginning of 1900 but only around the 1960s, Roberto Mazzi finished his agriculture studies, and he began to bottle wines with the name "Azienda Agricola Sanperetto", dividing the production by the name of its vineyard. The vineyards are located in the excellent hilly areas of Calcarole, Castel, Poiega, Sanperetto and Villa. The vinification of grapes for each "terroir" offers a wide view of Valpolicella where the tiny nuances can be found already from the fragrance of every single wine. This is true for the three Valpolicella and both Amarone that are produced. The location in the "historical" area, now known as classic, does the rest! The Azienda Agricola is currently managed personally by Roberto sons Stefano and Antonio, who blend tradition and innovation when producing fine and elegant wines which are perfect ambassadors of their land.
